It is important to remember that, once the passes have been activated and allocated to a specific person, they are personal, nominative and non-transferable. They will only be valid if they are filled out and activated!

They will remain valid next autumn.

Checks will be carried out during the year and any act of fraud will have consequences which may lead to the pass(es) being deactivated. The terms and conditions of the service providers behind a given offer shall also apply.

And voilà!

Your passes are now activated and you can start taking advantage of your special offers!

Please don't hesitate to contact us if you are unable to follow these steps by yourself or if you have any questions relating to this process.

Yours sincerely,
